

# MENORCA HORSE RIDING

Discover and enjoy the stunning Menorcan countryside from horseback.

We run scenic horseback excursions all year round based at our traditional 'finca' (farm) situated in the pretty wooded part on the island near Mercadal.

We have horses and routes to suit everyone, from complete beginners to experienced riders, or you can travel in a typical horse-drawn cart.

We have 175 Hectares (about 450 acres) of fantastic riding country at the finca, winding tracks through the forest, paths across the hills with stupendous sea views, and flat fields ideal for galloping.

We vary the route and speed of the excursion according to the ability and choice of the riders, from a leisurely amble to enjoy the scenery for beginners and less energetic riders, to a gentle trot or canter for those with more experience. Confident riders can join us in an exhilarating gallop as we make a complete circuit of the finca.
