

HOTEL LOAR ***

Situated at the heart of Ferreries, located in the centre of the island of Menorca, Hotel Loar Ferreries is the town's only establishment that offers hotel and apart-hotel accommodation all year round.

Thanks to its excellent location and its offer of hotel rooms and apartments, Loar is especially attractive for families and also for those who wish to enjoy a peaceful stay on the island, away from resorts focused exclusively to tourism. Both the restaurant and bar are an inevitable meeting point between the town's residents and visitors, who appreciate the quality of food served or being able to have a coffee in a comfortable and friendly atmosphere.

Loar has a privileged location in the Plaça Espanya (Square of Spain), which is the central square of the town, and offers unbeatable views both from the terrace where the swimming pool and Jacuzzi are located, as from every hotel room.

Loar is situated only a few metres from the bus station that offers routes connecting different towns and resorts, from the island's capital; Maó, through to Ciutadella. Just next door to the bus station is the taxi stop, where a service of three vehicles offers a comfortable journey to any point of the island.
