- STAGE 7.** Son Bou – Binibèquer. Medium Difficulty • 7h • 17Km

### Itinerary description:

**1st Day:** Arrival at the Port/Airport and transfer to hotel located in Mahon. Leisure time and Dinner at the hotel.

**2nd Day:** Breakfast and start of the first stage. This stage is one of the shortest ones although there are some hard sections because of the terrain. We can appreciate interesting landscapes as Cala Mesquida dune vegetation and the natural park of the Albufera des Grau or the lunar landscape

near Favàritx Lighthouse, the trail runs along the unspoiled coast. After the stage will have a bus to take us to the hotel in Mahon where we will spend the night.

**3rd Day:** Early in morning the bus will take us to the starting point. We expect a long flat stage today. Sightseeing walking near the old salt fields in Mongofre, curious rock formations and under majestic pine trees until we reach the picturesque port of

Fornells, where we will stay during the night.

**4th Day:** Greatest Stage. The longest mileage and duration through coastal landscapes and beaches as Tirant, Cavalleria, Binimel·la, Pregonda, Cala Pilar and finally La Vall where we will take our transport Ciutadella where we are staying.

**5th Day:** Again to La Vall by bus. Here we'll begin the 4th stage. A trail characterized by the arid north of Ciutadella, we can see the shelters for livestock and the lighthouse at Punta Nati. Then we go to Ciutadella where we are sleeping again.

**6th Day:** From Ciutadella we are going to Cala Galdana. On the first part of the trail estates and hotels predominate along the coast. On the second half we will enjoy the limestone landscape of the south and the

beaches of fine white sand.

**7th Day:** We expect a peaceful and quite flat stage, among shady pine forests and secluded beaches. After that we can enjoy a relaxing afternoon in Son Bou and take strength for walking the last miles on the next day.

**8th Day:** Long stage and uneven landscape while extremely interesting because it goes over several of the gullies in the south and

some beaches as Calan Porter, Canutells and the lovely trail near Binidali. The stage finishes at the hotel next to the Binibèquer Vell fishing village. (Note: On March trip, on this day night we will stay in Punta Prima, the transfer Binibèquer - Punta Prima will be supplied by Bus).

**9th Day:** Breakfast and transfer to the hotel Port/Airport.
